United Way Upgrades Prescription Discount Cards

LAPORTE COUNTY, INDIANA--- FamilyWize, which has been helping United Way communities save on their prescription medications since 2008, is officially combining their brand with SingleCare, a national leader in prescription savings cards. As the transition from FamilyWize to SingleCare begins, they still look forward to continuing to partner with over 800 local United Ways, United Way Worldwide, American Heart Association, Mental Health America, and many other organizations that work to help our communities.

SingleCare works directly with pharmacies to negotiate up to 80% off prescription prices and pass these savings onto their members, free of charge. There is no registration or eligibility requirements and can be used right away. This prescription drug card works whether you're insured or uninsured.

Here are some benefits to the card:

- 40 most-purchased prescription medications at \$10 or less
- Members get an extra \$5 in bonus just for signing up
- Free for everyone-similar to a coupon
- Reduces cost
- No registration or eligibility requirements
- Covers FDA approved prescription medications
- Saves up to 80% on prescriptions
- Accepted at major chain pharmacies nationwide

If you are interested in the SingleCare prescription card please visit <https://www.unitedwaylpc.org/singlecare> or download the Mobile App on iOS & Android stores.
